

L2 norm of the gap distribution differences in Rfam

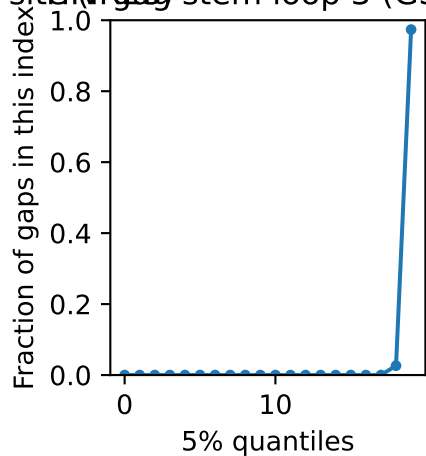

HIV Rev response element

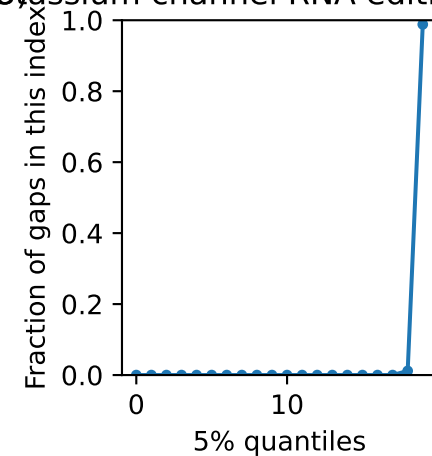

Picornavirus internal ribosome entry site (IRES)

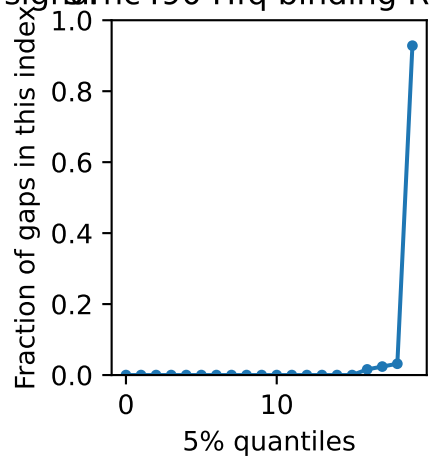

HIV Gag stem loop 3 (GSP3)

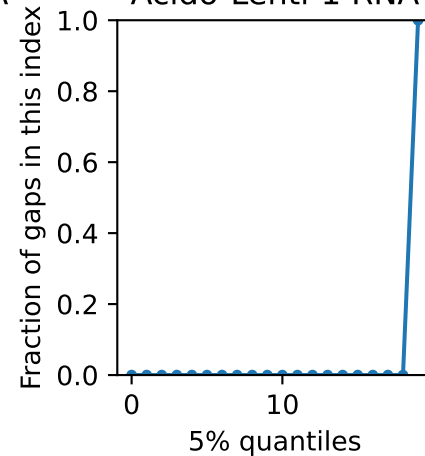

Potassium channel RNA editing signal

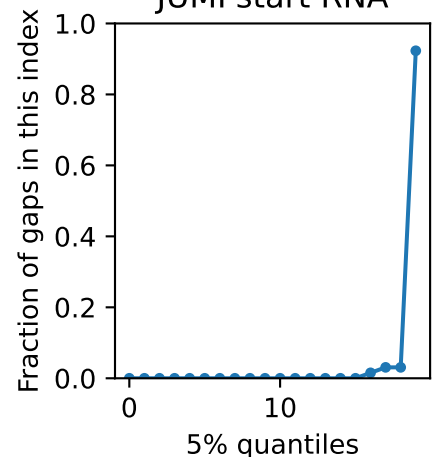

STnc490 Hfq binding RNA

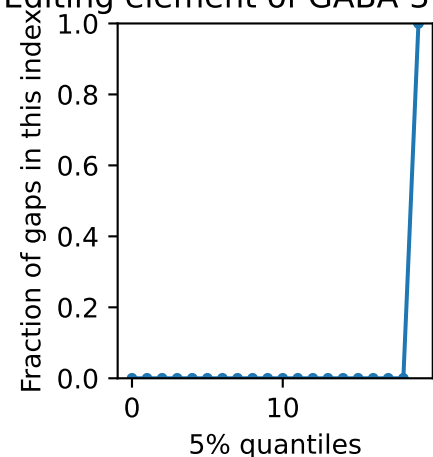

Acido-Lenti-1 RNA

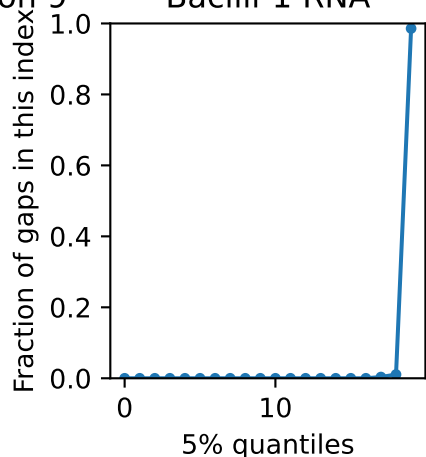

JUMPstart RNA

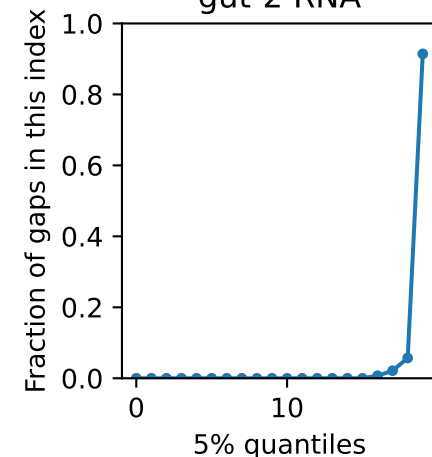

Editing element of GABA-3 exon 9

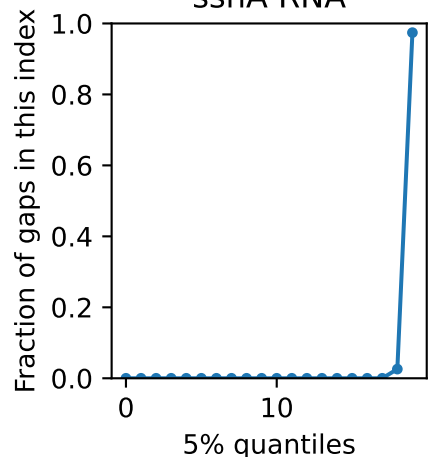

Bacilli-1 RNA

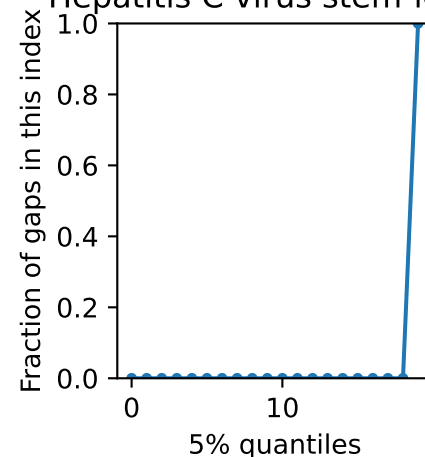

gut-2 RNA

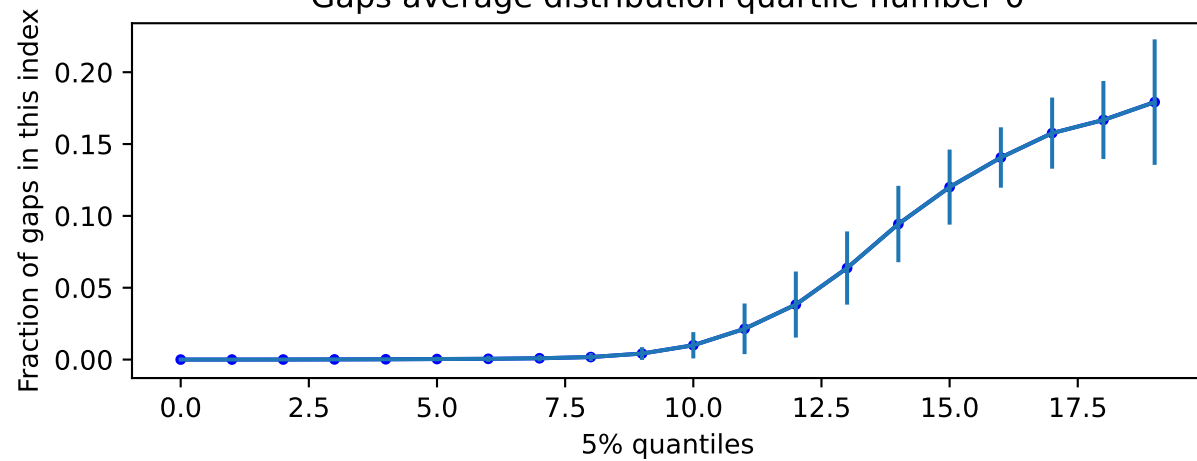

ssnA RNA

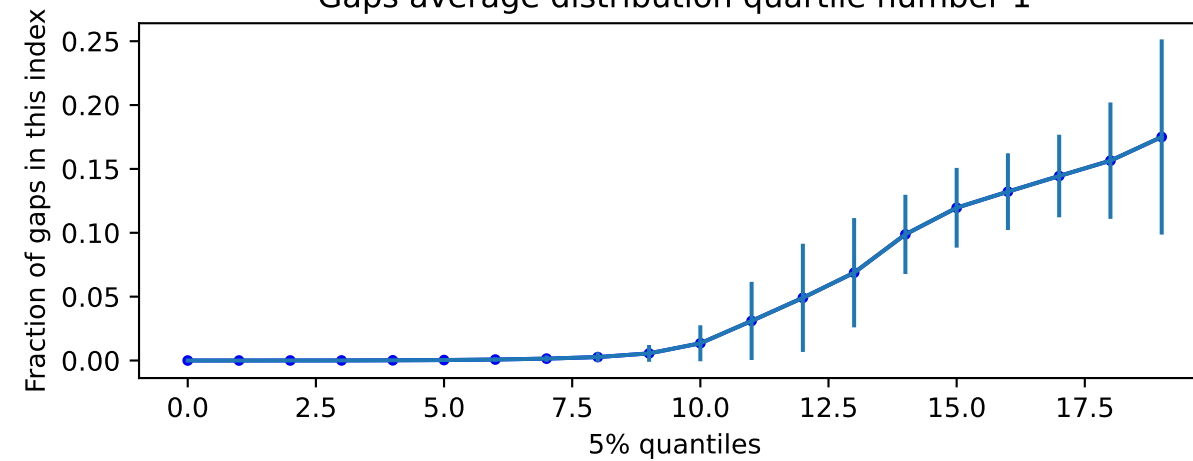

Hepatitis C virus stem-loop I

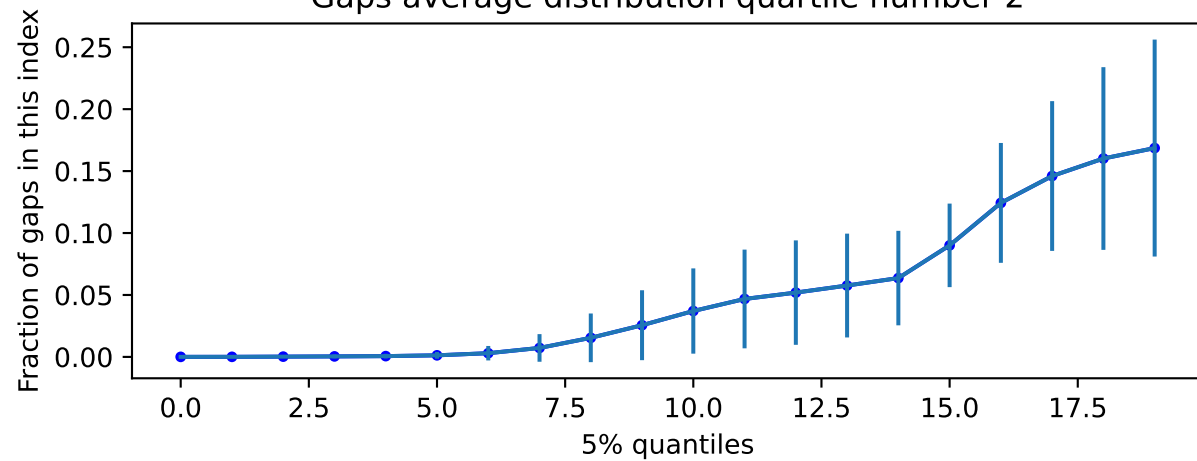

Gaps average distribution quartile number 0

Gaps average distribution quartile number 1

Gaps average distribution quartile number 2

Gaps average distribution quartile number 3
