

L2 norm of the gap distribution differences in Rfam

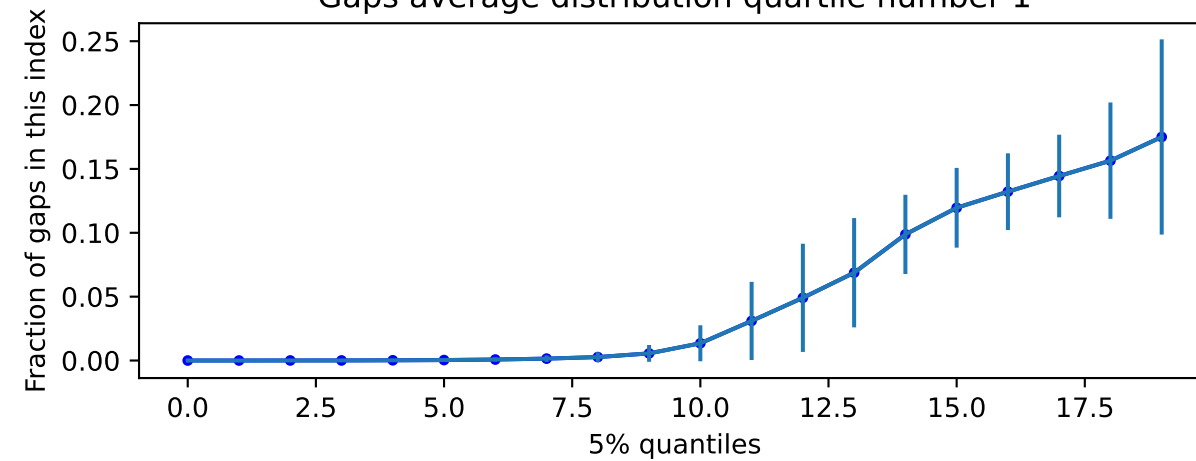

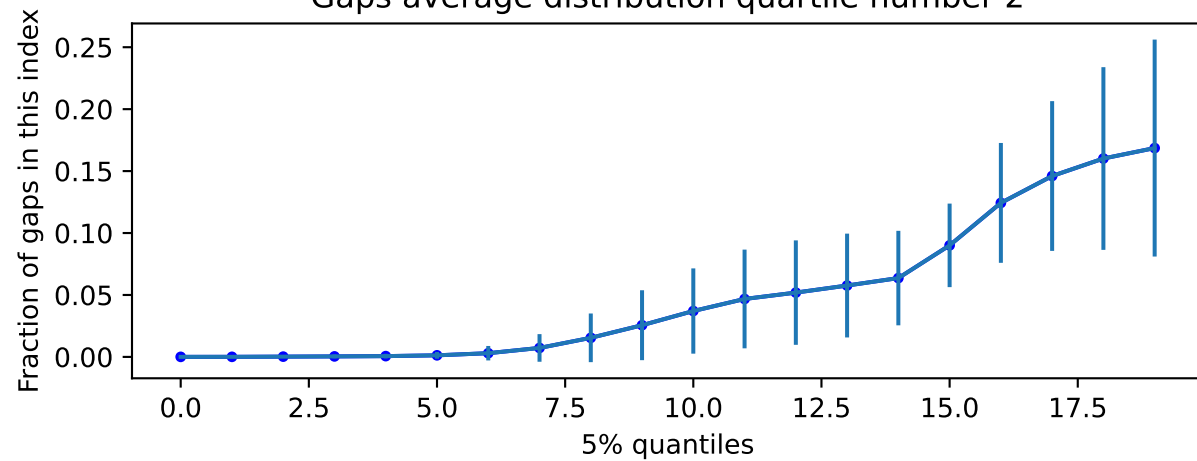

Gaps average distribution quartile number 0

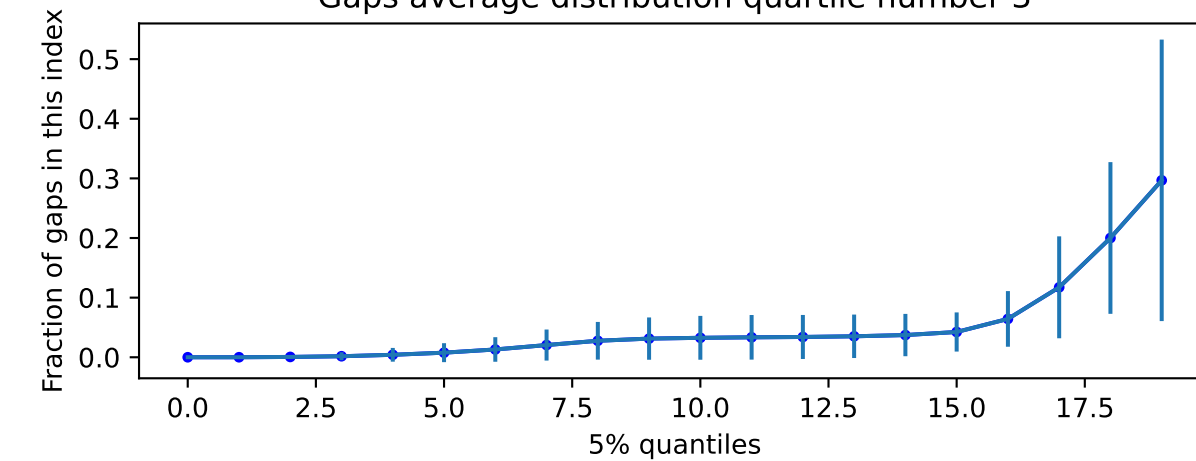

Gaps average distribution quartile number 1

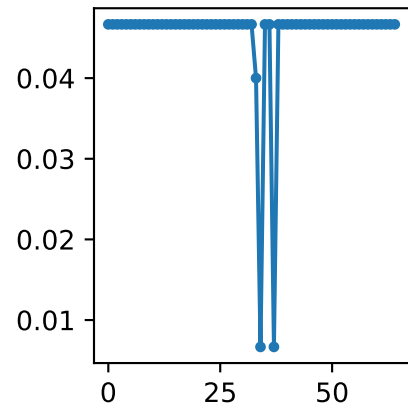

Gaps average distribution quartile number 2

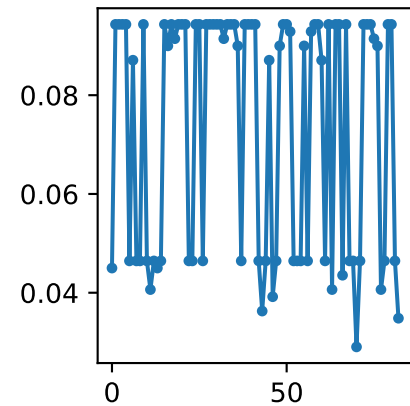

Gaps average distribution quartile number 3

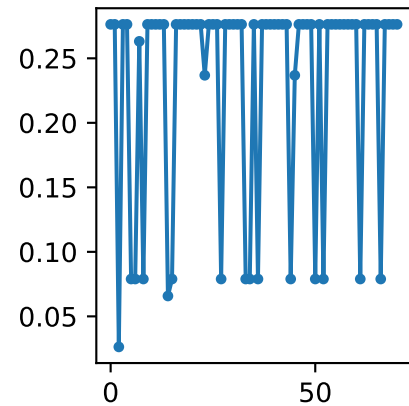

HIV Rev response element

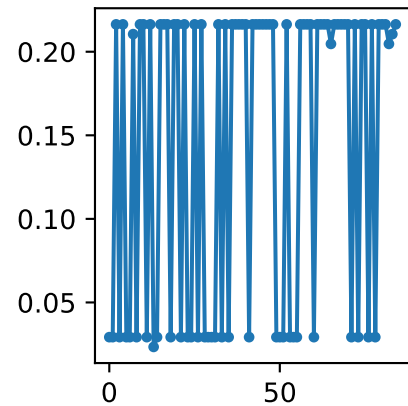

Picornavirus internal ribosome entry site (VPg)

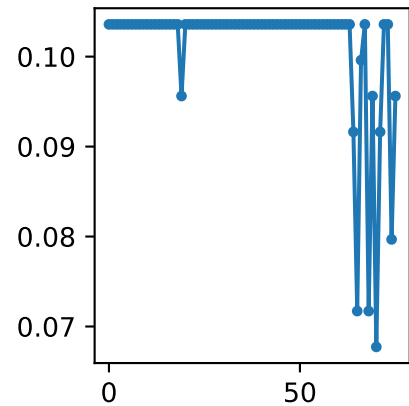

HIV Rev stem loop 3 (GSE01)

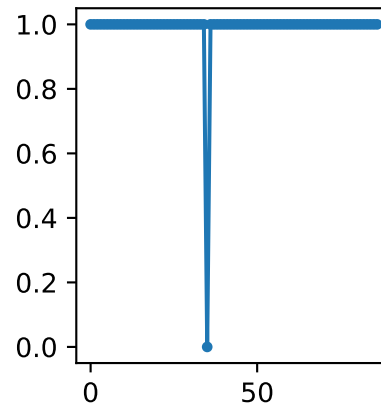

Potassium channel RNA editing signal

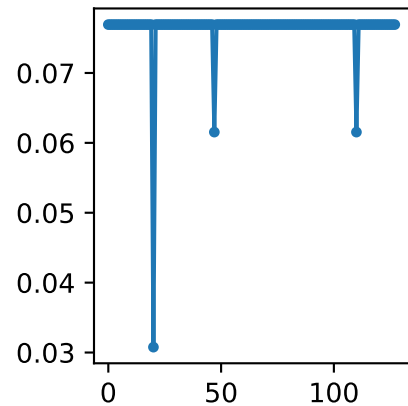

STnc490 Hfq binding RNA

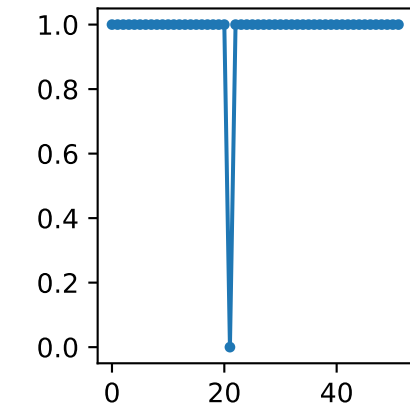

Acido-Lenti-1 RNA

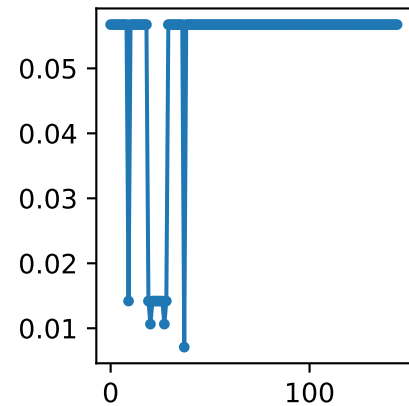

JUMPstart RNA

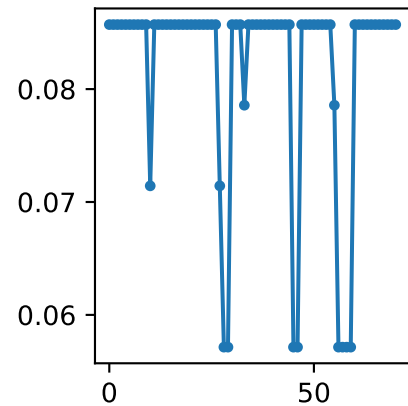

Editing element of GABA-3 exon 9

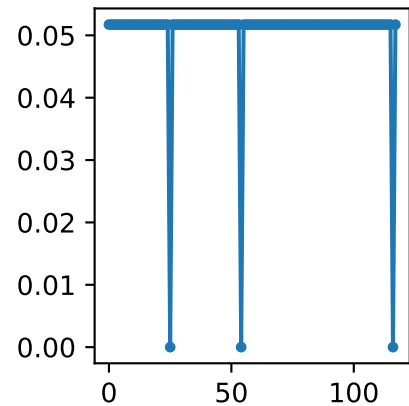

Bacilli-1 RNA

gut-2 RNA

ssnA RNA

Hepatitis C virus stem-loop I
